REDACTED FOR PUBLIC INSPECTION

June 14, 2017

Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
445 12th Street SW
Washington, D.C. 20554

RE: WC Docket No. 14-58, WC Docket No. 10-90

Pursuant to Section 54.313 and 54.422 of the Federal Communications Commission's rules enclosed is the 2017 annual report and certifications for Windstream **Study Area Code 431165 located in Oklahoma**. A copy of this report is also being filed with the Universal Service Administration Company (USAC), relevant state public service commissions, and tribal governments.

Windstream redacted Section 54.313(h)(1) Rate Floor Data Update customer line/loop counts, which is not readily available to Windstream's competition. Release of this information would cause Windstream to reveal proprietary information that would cause damage to its competitive position.

This filing contains a redacted (200) Service Outage Reporting (Voice) form. The information that was redacted is considered Confidential by the FCC and would cause Windstream to reveal proprietary information and trade secrets and cause damage to its competitive position.

Also redacted are forms (330) Unfulfilled Broadband Service Requests and (710) Company Broadband Service Price Offerings. Windstream does not make this information available to the public in the format required by this report. Release of this data would be detrimental to Windstream as it would provide other broadband providers servicing these areas a competitive advantage.

Should you have any questions, please contact me via email at jeff.l.heacox@windstream.com or by phone at 501-748-5390.

Sincerely,

/s/ Jeff Heacox

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Line 510-Description of Compliance with Service Quality Standards and Consumer Protection:

Voice Certification:

Windstream certifies that we comply with applicable service quality standards and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

1. Service quality metrics are monitored and reviewed each month
2. Windstream is founded on integrity. All employees are required to complete a course on integrity each year.
3. Windstream employees have at their disposal our People Practices Overview Course which is a general overview of the guidelines that govern all Windstream employees.
4. Windstream's Customer Proprietary Network Information (CPNI) training manual documents when personnel are, and are not, authorized to use CPNI. This Manual constitutes Windstream's policies and procedures related to CPNI. All employees are required to follow the policies and procedures specified in this manual.
5. Windstream IT has in place numerous measures to insure the integrity of the network and the customer data that resides on the network. The network is monitored 24/7 and periodic reviews of the security processes are performed.
6. Windstream makes every attempt to achieve one-call resolution on customer invoice issues.
7. Windstream has developed a program to help spot the Red Flags of identity theft, which is consistent with the FTC's guidelines, and has procedures in place to mitigate the potential damage of identity theft.
8. Windstream has implemented our Customer Account Protection Plan (CAPP) to provide increased security against unauthorized changes (cramming) to customer accounts. This plan requires third-party carriers to have a customers Passcode to change the customer's service or access the customers account information.

Line 510-Continued:

Broadband Certifications

Windstream certifies that it complies with applicable service quality standards, if any, and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

Specifically:

1. All Windstream employees are required to complete a security awareness training every year.
2. Windstream's Customer Proprietary Network Information (CPNI) training manual documents when personnel are, and are not, authorized to use CPNI. This Manual constitutes Windstream's policies and procedures related to CPNI. All employees are required to follow the policies and procedures specified in this manual.

Line 610 – Description of Functionality in Emergency Situations

Voice:

Windstream certifies that it is compliant with applicable rules on service provision in emergency situations. Windstream central offices are designed to withstand limited commercial power failures through the use of emergency batteries supplemented by on site or portable generators. Windstream personnel perform routine maintenance on this essential equipment based on the manufacturer's service recommendations and Windstream service practices. The backup batteries are load tested routinely and the on site generators are tested monthly.

Windstream's network is engineered to handle traffic spikes that can occur as the result of emergency situations. The network is monitored 24/7 by our Network Operations Center ensuring quick response whenever and where ever it is needed. Network redundancy is built into our network where ever possible to ensure alternate routing is available when necessary.

Request for Meeting to Discuss Telecommunications Facilities and Needs Assessment on Tribal Land and Annual Report as required by the Federal Communications Commission

Dear Governor Bill Anoatubby:

The Federal Communications Commission ("FCC") recently issued an Order requiring telephone companies to reach out to Tribal governments in their service areas to discuss tribal communication needs including the following: a needs assessment, deployment planning with a focus on tribal community anchor institutions, feasibility and sustainability planning, marketing services to the tribal community, rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and Compliance with tribal business and licensing requirements.

In addition, the FCC's Office of Native Affairs and Policy ("ONAP") issued a Public Notice on July 19, 2012 providing additional guidance regarding the engagement with tribal governments stating:

This guidance is intended to "lead to a common understanding between Tribal governments and communications providers receiving USF support, on the deployment and improvement of communications services on Tribal lands. The Tribal engagement obligation is intended to benefit Tribal government leaders, service providers, and consumers living on Tribal lands, ultimately providing greater connectivity to 21st century economic opportunities, education, health care, and public safety. This obligation is related to the very essence of universal service – facilitating and supporting connectivity to and from the most remote areas of our nation inures to the benefit of all. Requiring Tribal engagement is intended to begin and, in some cases, to strengthen, the dialogue between communications providers and Tribal governments. We anticipate that genuine dialogue and common understandings will ultimately lead to improvement of communications services on Tribal lands."

The enclosed information is provided as a requirement of law, **there is no action required on your part.** Pursuant to Section 54.313 and 54.422 of the Federal Communications Commission's rules, all reports pursuant to this section shall be filed with the FCC, Universal Service Administrative Company (USAC), relevant state commissions and tribal governments. I have enclosed a copy of the 2015 annual report and certification that has been filed with the Administrator for the Windstream Study Area.

We would like the opportunity to schedule a time to meet with you and other tribal officials to discuss tribal communication needs, marketing opportunities to the tribal community, right of way processes, land use permitting, facilities siting, and environmental and cultural preservation. Please contact me at 501-748-5686 to schedule a meeting time.

I look forward to hearing from you and the opportunity to discuss these important issues.

Request for Meeting to Discuss Telecommunications Facilities and Needs Assessment on Tribal Land and Annual Report as required by the Federal Communications Commission

Dear Chairman John Barrett, Jr.:

The Federal Communications Commission ("FCC") recently issued an Order requiring telephone companies to reach out to Tribal governments in their service areas to discuss tribal communication needs including the following: a needs assessment, deployment planning with a focus on tribal community anchor institutions, feasibility and sustainability planning, marketing services to the tribal community, rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and Compliance with tribal business and licensing requirements.

In addition, the FCC's Office of Native Affairs and Policy ("ONAP") issued a Public Notice on July 19, 2012 providing additional guidance regarding the engagement with tribal governments stating:

This guidance is intended to "lead to a common understanding between Tribal governments and communications providers receiving USF support, on the deployment and improvement of communications services on Tribal lands. The Tribal engagement obligation is intended to benefit Tribal government leaders, service providers, and consumers living on Tribal lands, ultimately providing greater connectivity to 21st century economic opportunities, education, health care, and public safety. This obligation is related to the very essence of universal service – facilitating and supporting connectivity to and from the most remote areas of our nation inures to the benefit of all. LIFELINE SERVICE

Definition

Lifeline Service is a retail local service offering available to qualifying low-income residential customers and is provided pursuant to the FCC Order 12-11 released on February 6, 2012. Funding for Lifeline Service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis. Lifeline is a government benefit program, and consumers who willfully make false statements to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

Discounts

- A. The following credits will apply for customers deemed eligible for Lifeline assistance:
Monthly Credit

Federal Credit	\$9.25
State Credit to Residential Access Line	Varies by state

Residents of federally recognized tribal lands may Receive an additional reduction up to	\$25.00
---	---------

- B. The monthly discounted residential rate for qualified low-income customers may not be reduced below zero. Therefore, the credit amount defined in A. above shall not exceed the total of the subscriber line charge and the customer's normal residential local exchange service rate.

General

- A. The Company shall offer toll blocking to all qualifying low income customers at no charge at the time such customers subscribe to Lifeline service. If the customer voluntarily elects to receive toll blocking, the service shall become part of the customer's Lifeline service and all service deposits will be waived.
- B. Lifeline program rate reductions do not apply to long distance service or any other services (i.e., Custom Calling, CLASS, construction charges, etc.) which may or may not be tariffed. Customers may obtain such services, where available, at their discretion, although the Lifeline program rate reduction does not apply.
- C. Lifeline program service will not be available on a retro-active basis.

Eligibility Requirements

- A. The Lifeline program rate reduction shall apply to one (1) benefit per residential household, at the subscriber's principal place of residence. Service is limited to only one Service per qualified customer or household; within this section, 'household' is defined as "any individual or group of individuals who are living together at the same address as one economic unit," with an 'economic unit' defined as, "all adult individuals contributing to and sharing in the income and expenses of a household."
- B. The service must be provided in the eligible customer's name.
- C. An applicant whose household income is at or below 135% of the Federal Poverty Guidelines, or they can provide certification or authorize agency verification of their participation in one of the following programs:

Medicaid
Supplemental Nutrition Assistance Program (SNAP)
Supplemental Security Income (SSI)
Federal Public Housing Assistance
Veteran's Pension/Survivor's Pension benefit

- D. The customer must sign, under penalty of perjury, a document certifying:

He/she receive(s) benefits from one of the program(s) identified above or

He/she's annual household income is at or below 135 percent of the Federal Poverty Guidelines.

He/she must notify their service provider within 30 days if he/she no longer meets the program or income eligibility criteria

He/she must acknowledge that the household only receives one Lifeline Program benefit

He/she acknowledges the data provided on this application form is true and correct to the best of their knowledge.

He/she agrees the company may transmit this data to the Administrator of the National Lifeline Accountability Database to ensure the proper administration of the Lifeline Program. He/she understands that if they refuse to have this information transmitted to the Administrator, they will be denied Lifeline Program benefits.

He/she acknowledges that falsifying information to obtain Lifeline Program benefits is punishable by law and can result in fines, imprisonment, de-enrollment, or being barred from the program.

He/she may be required to recertify eligibility at any time and failure to recertify eligibility for the Lifeline Program will result in removal from the Lifeline Program and termination of Lifeline benefit.

He/she if seeking to qualify for Lifeline as an eligible resident of Tribal Land, he/she certifies they live on Tribal Land as defined in Section 54.400(e) of Lifeline rules.

- E. Customers qualifying for Lifeline Service are offered the services or functionalities enumerated in 47 Code of Federal Regulations §54.101 (a) (1)-(8) (relating to Supported Service for Rural, Insular and High Cost Areas).
- F. The method for verification of the eligibility criteria set forth above shall be a national eligibility verifier. Until the national eligibility verifier has been established to verify eligibility the verification method will be self-certification by the recipients of the eligible programs. The Company has certification processes in place which at the time of enrollment requires a documentation review that confirms the consumer's household eligibility. The Company will retain copies of the self-certification records of both the applicant and the Company. A Company officer will attest that these procedures are in place.
- G. The Company will annually verify the continued eligibility pursuant to the FCC Order 12-11 released on February 6, 2012.

Credits and Deposits

- A. The credit verification procedures available for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline program.
- B. The deposit standards used for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline Program with the exception that deposit requirements will be waived for Lifeline Service applicants who voluntarily elect to subscribe to toll blocking service.

Service Charges

- A. Service charges do not apply when eligible customers with existing residential service convert to Lifeline Service.
- B. A service order deposit is not applicable to customers who elect toll blocking when initiating Lifeline service.

C. A service order charge does apply when:

At the time Lifeline Service billing is initiated, eligible residential local exchange access service customers also request additional optional calling features such as Custom Calling Features, CLASS features, etc.

Any subsequent moves or changes after the initial connection to Lifeline service are requested by the customer.

Service is established for new residential applicants (those without existing local exchange access service) eligible for Lifeline Service.

Payments and Disconnection of Service

- A. Lifeline service may not be disconnected for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for nonpayment of toll charges.
- B. Partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.
